

## Newsletter N°10 - 01/ 2022

We are delighted to give you the latest news about the ALICE-Trial!

**We wish you a happy & healthy new year!**

### Highlights

#### **Recruitment period is over.**

We thank all participating centres for their contribution and continuous support. It has been a very intensive time beginning with the first patient being recruited at the University Hospital Frankfurt in August 2019 until now.

#### **Data entry in eCRF**

Lara Beladdale is working incredibly hard to check all entered data. We'd like to thank all centers for the excellent cooperation and fast response in case of missing or unclear values.

We kindly ask the centers with recruitment weeks before December 2021 to finish data entry until end of February 2022.

#### **Flow Chart & Basic Data:**

We kindly ask all centers to return the filled out flow chart (PPT file) and documents with basic information about your hospital (Word file). Please contact us if you did not receive these documents yet.

#### **Data entered in eCRF:**

06.01.2022: 66 centers including 2246 patients THANK YOU!

**Thank you very much for your continuous support!  
We are very excited about the outcome of this study.  
With best wishes from the steering committee.**
